Sterling Capital Management LLC claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Sterling Capital Management LLC has been independently verified for the periods 01/01/01 to 12/31/19. The verification report(s) is/are available upon request. A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verification provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. Verification does not provide assurance on the accuracy of any specific performance report. GIPS® is a registered trademark of the CFA Institute. CFA Institute does not endorse or promote this organization, nor does it warrant the accuracy or quality of the content contained herein.

Notes:

1. Sterling Capital Management LLC (SCM) is a registered investment advisor with the SEC. Registration does not imply a certain level of skill or training. Sterling manages a variety of equity, fixed income and balanced assets. Prior to January 2001, Sterling was a wholly owned subsidiary of United Asset Management (UAM). In January 2001, Sterling Capital Management LLC purchased all the assets and business of Sterling Capital Management Company from UAM to become an employee owned firm. In April 2005, BB&T Corporation purchased a majority equity ownership stake in Sterling Capital Management LLC. In October 2010, the management group of Sterling Capital entered into an agreement with BB&T Corporation that reduced and restructured management's interest in Sterling Capital Management. Additionally, BB&T Asset Management merged into Sterling Capital Management. In January 2013, CHOICE Asset Management firm merged into Sterling Capital Management. "Percent of Firm Assets" and "Total Firm Assets" prior to 2013 are for CHOICE Asset Management. In August 2015, eight new employees joined Sterling Capital management via Stratton Management Company following the close of BB&T's purchase of Susquehanna Bancshares. In December 2019, BB&T Corporation and SunTrust Banks, Inc. Holding Company merged as equals to form Truist Financial Corporation. Sterling Capital Management LLC is a wholly owned subsidiary of Truist Financial Corporation. In August 2020, new employees joined Sterling Capital Management via the Investment Advisory Group of SunTrust Advisory Services. This reorganization aligns all of the discretionary fixed income asset management activities within Truist under Sterling.
2. George F. Shipp, CFA, has managed the portfolio since inception. No alterations of composites, as presented herein, have occurred due to changes in personnel or other reasons at any time.
3. Inception date of composite: December 31, 2000. Creation date: December 31, 2000. The appropriate index is the Russell 3000 Index which measures the performance of the largest 3,000 US companies, representing approximately 98% of the investable US market. It represents the universe of stocks from which all-cap managers typically select. The index is reconstituted annually. Total return includes price appreciation/depreciation and income as a percent of the original investment. A complete list of all of SCM's composites and SCM's broad distribution pooled funds and their descriptions is available upon request. Policies for valuing investments, calculating performance, and preparing GIPS Composite Reports are available upon request.
4. Performance reflects reinvested interest income and dividends and realized and unrealized capital gains and losses. Portfolios utilize trade-date accounting. Valuations and performance are reported in US dollars. Composite returns are calculated monthly by weighting the aggregate SMA/Wrapper sponsor returns using beginning of period market values. Periodic time weighted returns are geometrically linked. Returns are not calculated net of non-reclaimable withholding taxes due to immaterial dollar amounts.
5. "Pure" gross of fees returns are presented as supplemental information and do not reflect the deduction of any fees including trading costs. The net of fee return reflects the actual SMA fee of the individual portfolios in each platform except for one platform where the maximum fee is deducted from the gross return. The SMA fee includes all charges for trading costs, portfolio management, custody and other administrative fees. The actual fee may vary by size and type of portfolio. The maximum SMA or bundled external platform fee is 2.82% annually and includes Sterling's actual management fee of 0.32%. Sterling's actual management fees are 50 basis points annually or less. Since inception, the composite is comprised 100% of wrap fee portfolios.
6. The annual composite dispersion presented is measured by an asset-weighted standard deviation calculation method of all portfolios in the composite for the entire year, and is calculated using gross of fee returns. It is not meaningful when there have been less than six portfolios in composite for entire calendar year. The three year annualized standard deviation measures the variability of the composite and benchmark returns over the preceding 36 month period. The composite 3-year standard deviation is calculated using gross of fee returns. It is not required to be presented for annual periods prior to 2011 or when a full three years of composite performance is not yet available.
7. The performance presented represents past performance and is no guarantee of future results. Stock market conditions vary from year to year and can result in a decline in market value due to material market or economic conditions.
